

ISTI Open Access - Feature #12067

Repository Item: make keywords actionable

Jun 29, 2018 10:13 AM - Leonardo Candela

Status:	New	Start date:	Jun 29, 2018
Priority:	Normal	Due date:	
Assignee:	Michele Artini	% Done:	0%
Category:			
Target version:	To Be Planned		
Description Once an item is displayed I would suggest turning the keywords / subjects displayed into actionable elements. The expected behaviour is that by clicking on them a query is executed thus to display all the items matching the selected subject / keyword.
