Description

We have found a search error for Maurice Henry Ter Beek's pubblications.
Using the Ter Beek complete name in Open Portal we have "no results" and if we try different search like : "Maurice H","Ter Beek", "Maurice Ter Beek", ecc... we have different number of results.
This doesn't happen with other people that have a second name like: "Felice Manlio Bacco" or "Giuseppe Riccardo Leone". Is It possible to use in search the complete name of Maurice like other cases?

Thanks for help.

History

For istance:

https://openportal.isti.cnr.it/results?cnrauthb&qv=Maurice%20Henri%20Ter%20Beek

no results

https://openportal.isti.cnr.it/results?cnrauthb&qv=Maurice%20Ter%20Beek

212 results

https://openportal.isti.cnr.it/results?qv=Maurice+H.+Ter+Beek

182 results

#3 - Sep 03, 2020 12:47 PM - Leonardo Candela

- Status changed from New to Closed

- % Done changed from 0 to 100

The authority file has been revised and the official name for Maurice is set to "Maurice Henri ter Beek" ... thus the query

https://openportal.isti.cnr.it/results?cnrauthb&qv=Maurice%20Henri%20Ter%20Beek

returns the expected results.
